

# IVM – Invasive Vegetation Management

## Environmental Policy Statement

[www.i-v-m.co.uk](http://www.i-v-m.co.uk)

**Invasive Vegetation Management & Treatment Ltd (IVM) offers flora and fauna management & eradication services to both commercial organisations and residential customers.**

**Our aim is to supply our customers with a cost effective, guaranteed solution to their weed problem that is environmentally friendly and carried out by environmentally aware staff, this is achieved by;**

- **Research into new methods of application to minimise wastage.**
- **Introduce all necessary control measures to ensure that all adverse environmental impacts are greatly reduced.**
- **Give full training to all IVM staff to ensure they are aware of their impact on the environment in all aspects of their employment.**
- **All environment targets are reviewed on a six-monthly basis.**

**All staff of IVM are fully aware of the importance of successful environmental management throughout the company. We aim to minimise any adverse environmental impacts resulting from its operations by researching the latest application techniques and herbicidal advances and implementing them as necessary.**
